

A woman with curly hair, wearing a red beanie, black-rimmed glasses, and a denim jacket over a white shirt, is smiling and holding a smartphone. She is sitting at a wooden table outdoors at night. In the background, there are blurred city lights and a warm, orange-toned light source, possibly a fire or a lamp. A white coffee cup with a lid is on the table in the foreground.

E-MAIL MARKETING OF THE HIGHEST QUALITY

By targeting GMX addresses, we ensure that the newsletter **is delivered to recipients without any issues.**

We make sure that the mailings are perfectly tailored to our inboxes and are always displayed correctly.

Our e-mail marketing is subject to strict security standards in accordance with German data protection regulations. **Every advertising opt-in can be clearly traced** and removed from our mailing list at the user's request. Consistent compliance with and monitoring of applicable standards ensures a high level of trust among users.

We use our own TGP targeting technologies and services, which can be combined in a unique way and enable new possibilities of direct customer communication. By **integrating rich media elements**, a unique user experience can be created and a maximum awareness ensured.

Our **quality targeting** offers a wide range of selection criteria. Our GMX portal provides a familiar and frequented environment for our users, offering advertisers premium reach for targeted e-mail marketing campaigns.
